

DR. CORY TRICKETT JOINS DERMATOLOGY ASSOCIATES' ROSTER OF MOHS SURGEONS

By Dermatology Associates

Skin cancers are on the rise, have increased more than any other type of cancer over the last four decades, and the number of those affected continues to grow each year. With that in mind, Dermatology Associates continues to expand its services, so that patients will have access to the best dermatological care in each of the Tri-Cities. With the addition of Dr. Cory Trickett to the Dermatology Associates family, we now have ten board certified physicians, as well as seven nurse practitioners and physician assistants. Additionally, we are able to offer our patients the best available surgical care, with three fellowship-trained Mohs surgeons: Dr. Chad Thomas, Dr. Erin Reid, and Dr. Cory Trickett.

Dr. Trickett received his undergraduate degree from Brigham Young University in Provo, Utah. After college, he attended medical school at Kirksville College of Osteopathic Medicine. Dr. Trickett completed his transitional internship at William Beaumont Army Medical Center in El Paso, Texas. He then proceeded to his dermatology residency at National Capital Consortium Dermatology Residency in Bethesda, Maryland. There, he was also Co-Chief Resident. Dr. Trickett completed his Mohs Micrographic Surgery & Dermatologic Oncology Fellowship at Dermatologic Surgery Specialists, PC in Macon, Georgia. He also has over ten years' practice experience in the U.S. Army, which includes urgent care, primary care, dermatology, and Mohs surgery. His duties while in the Army included training dermatology residents, medical students, and PA students. He had the great privilege of not only treating our soldiers here in the U.S., but twice overseas.

Dr. Trickett is excited to have the opportunity to bring his family to the Tri-Cities area and to join Dermatology Associates. Dermatology Associates is the largest, most experienced dermatology practice in the area with over 50 years of service to the Tri-Cities community. Our offices are located in Bristol, Johnson City, and Kingsport.

Dr. Trickett will begin seeing patients at our Bristol office in August. For more information concerning all of your dermatologic needs, contact us at (423) 246-4961 or visit our website at www.tricitiesderm.com
