Here comes the Bride.....

This time of year many of us will be attending weddings or maybe you will be the bride or bridesmaid. A great gift idea for the bride to be would be a relaxing facial. Gift certificates are available and when scheduling, it is suggested to enjoy the facial at least 24 or more hours prior to the big day.

Whether the bride, bridesmaid or guest, a tan always gives anyone a nice healthy glow. To avoid damaging the skin, try a sunless tanner for that glow. Fake Bake Sunless Tanner is incredible and works with the melanin in your skin to give you a natural looking tan, no streaking.

Practice Sun Safety.....

Ocean breeze, palm trees swaying and the sound of waves crashing , pure relaxation . . . Vacation time is fast approaching and let's face it, we are all ready for a trip to a sunny beach. Soaking up that vitamin D feels wonderful but be sure to practice sun safety. Look for sunscreens that contain zinc oxide and/or titanium dioxide because these ingredients *reflect* rather than *absorb* sun rays. These ingredients are safer to use during pregnancy and for infants older than six months. Sunscreen should be applied 30 minutes before you plan on being in the sunlight.
